C. Selection

The decision to employ teaching assistants is made by the Chair of the hiring department on the recommendations made by the Graduate Office, and in consultation with instructor and other faculty, as needed.

2. Article 16:03 of the Collective Agreement outlines the hiring criteria used when filling positions. How does your department put these criteria into practice?

The TA Selection Committee considers the full list of hiring criteria outlined in Article 16:03 when adjudicating applications for each position. The Department will consider both information provided in the application and information available to the Department as part of academic and human resource operations and planning. Applicants must be registered and enrolled in the University of Toronto in order to be considered for positions, and applicants enrolled in graduate programs in the Department of Sociology are given preference. Students may submit a letter to the graduate office if they want their financial need to be considered when applying for TAships.

A formal letter of offer is sent to all applicants who accept their TA-ship via the system.

D. Graduate Student Funding Policy - applies to students in the "funded cohort" only

1. In your department, how do TA appointments fit within the University's Graduate Student Funding Policy?

Graduate students in Masters year 1, PhD years 1- 4 are required to take up a TA appointment to qualify for the full guaranteed funding commitment.

2. In your department, how much bargaining unit income is counted towards the funding guarantee in each year of study? Does this amount vary with the year in program?

The department applies the maximum funding amount in a base funding package allowed by the Collective Agreement towards the funding guarantee, regardless of the student's year in the funded cohort. This amounts to \$8200 CAD.

II. RE-APPOINTMENTS

- A. *Does the department provide appointments beyond the number guaranteed in the collective agreement?*

The department provides an opportunity to apply for TAs to students who no longer hold subsequent appointments.

- B. *Subsequent appointments are guaranteed to certain employees under the collective Agreement; how are subsequent appointments assigned?*

Subsequent appointments are assigned in late spring and we endeavour to notify students of placement by end of May. They are assigned by the Graduate Office taking into account subsequent appointees' preferences for subject area and campus location. These placements are subject to approval by the Chair of the hiring department.

- C. *Are there any other conditions governing re-appointments?*

Considerations for re-appointments during the assignment of subsequent appointments include experience, knowledge of the subject, departmental needs and expressed preferences of subsequent appointment holders as to the nature of the appointment and location of same, while re-appointments to posted positions are subject to the hiring criteria as specified in Article 16:03 of the Collective agreement.
